

OUR STORY

A little story about GOOD VIBES BOWLS was born...

Please call me June. I am passionate about Coconuts, Tropics & Yoga. I grew up in Ben Tre, Vietnam. Coconut palm trees are everywhere here and images of coconut trees and coconut products are engraved in my mind. The idea for "GOOD VIBES BOWLS" was conceptualized back in 2016. I absolutely adore cooking and decided to take cool food photographs as a new hobby. I use coconut bowls from the local marketplace and people liked the pictures and asked how much are the bowls and plates that I was using. That give me the inspiration to "level up" the bowls. From the shape, color and engraving to the design of the bowl, every aspect of the coconut bowl was improved.

EASY WAYS TO HELP SAVE PLANET EARTH

Beauty in a Dish and Taste even Better in our Heartmade Bowls
Ethically Made - Environment Friendly

GOOD VIBES BOWLS

These beautifully carved bowls are designed and made by me and skilled local artisans with passion and love. We call our products HEARTMADE, because our hearts go into each bowl that we produce. We hope that you love our HEARTMADE bowls as much as we do!

Care instructions:

Our Heartmade bowls are 100% plant-based and needs special care to ensure that they last for hundreds of uses.

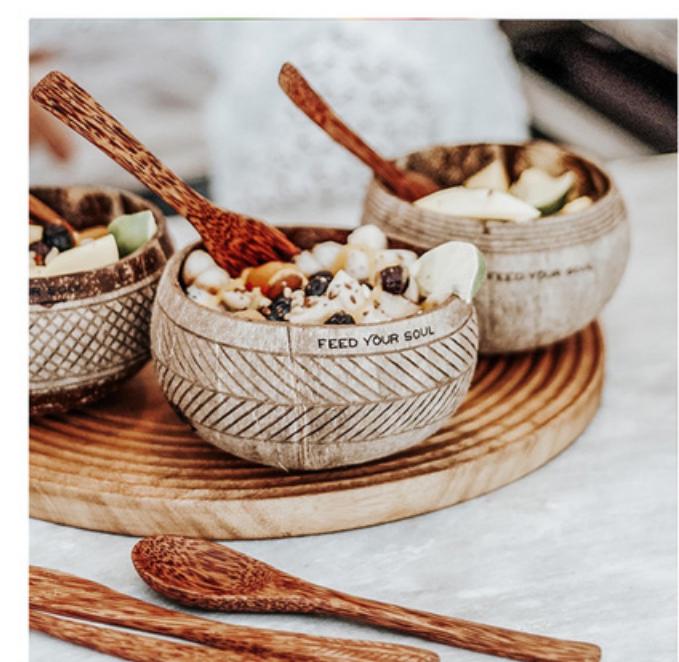

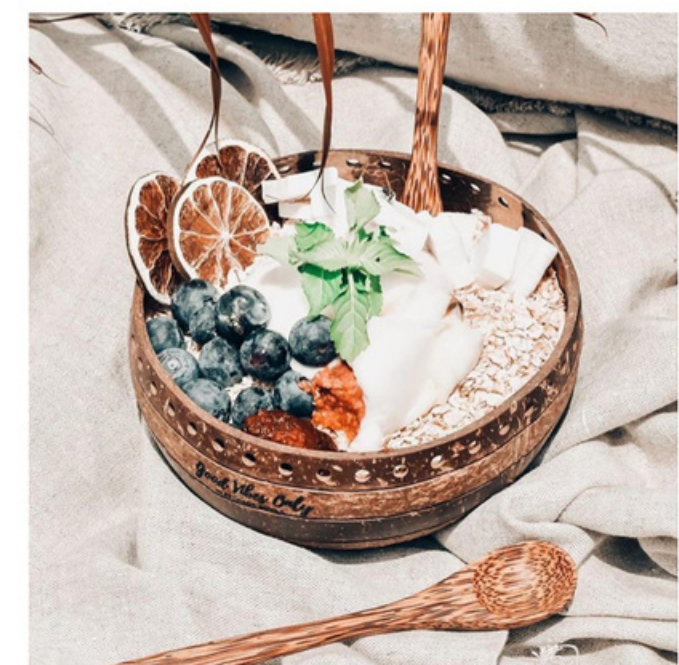

Easy Instructions:

- Enjoy cold food like smoothies, salads, snacks, dried food, and rice/noodles.
- Let any warm food, cool down before serving in your coconut bowl.
- Quickly hand wash the bowl in lukewarm soapy water after every use.
- Polish your bowl every 10-20 uses with virgin coconut oil to keep it smooth and shiny.

Don'ts:

- Don't use it for soup or other really hot dishes for the coconut bowl may break under extreme heat.
- Don't put your bowl in the dishwasher, microwave, oven or refrigerator.

Following the guidelines above will ensure the longevity of your Heartmade bowls for years to come.

OUR PRODUCTS

Our Heartmade Bowls are FDA approved and is guaranteed to be safe for food handling and serving.

100% natural, 100% plant-based, vegan friendly, chemical free.

Ethically made

All of our products' raw materials are purchased with attention to fair trade, sustainable production and environmental protection.

ECO FRIENDLY

Non-toxic, safe for the environment and a great way to enjoy our favorite foods without worrying about plastics and pollution.

Artisan Quality Bowls

Each Heartmade Bowl is carefully handcrafted by our skilled artists from select coconut shells with high-quality standards that are guaranteed to be durable and aesthetically made.

Sustainable Planting

Juneworkshop practices sustainable coconut planting to ensure that coconuts are not abused and would still yield crops for years to come

Environment Friendly

Burning of empty coconut shells contributes to the serious problem of air pollution. With the use of our eco-friendly Heartmade Bowls, we help in reducing the amount of plastic cutlery being discarded to our landfills from restaurants and establishments on the food service industry. Eco-friendly alternatives such as Heartmade Bowls are the perfect way to add glamour to your food service and also create a healthier environment for future generations.
